

RLX • BT

**Slewing rings
for bottling technologies**

DEFONTAINE GROUP

*The new range of slewing rings specifically
designed by ROLLIX for bottling machines.*

RLX • BT

For 20 years, ROLLIX have supplied more than 15,000 slewing rings
for bottling machines and during that time
we have acquired a unique expertise in this application.

BOTTLING MACHINE MANUFACTURERS

must constantly increase the performance and efficiency of their
equipment to meet the industry requirements.

The choice of a rotary machine design provides :

- More compact design
- Space saving
- Higher output
- Lower assembly costs
- Easier access for maintenance

With RLX • BT, you will find a solution for any type of application :

- Oven
- Blowing
- Rinsing
- Filling
- Capping
- Labelling

RLX • BT range complies with the bottling machines requirements

- Low and constant rotating torque
- High speed capability
- Weight saving by light design
- 4-points contact ball bearings
- Controlled axial and radial run-outs
- Large inner diameter to maximize the accessibility
- Built-in fastening holes
- Ex-stock availability
- Competitive prices for small batches
- Prototype time reduced.

SELECT the right slewing ring according to your table diameter :

External gear

Table diameter	Slewing ring reference	Weight Kg	DIMENSIONS											Gear				Max Rotating torque
			Ø De	Ø Di	Ø Ci	Ø Fe	Ne	Ø Fi	Ni	Hi	He	Hi	M	Z	X M	D	Nm

Proximity, partnership

ROLLIX-DEFONTAINE has established a commercial and technical presence across all five continents.

Our subsidiaries and agents provide a permanent service and build a vital partnership with your company managers.

At the heart of your project

Simultaneous engineering ensures that you benefit from our advice and experience from the moment your needs are expressed.

This forward planning optimises project management, guarantees quality results and cuts design time.

Performance

For over 20 years, ROLLIX-DEFONTAINE has been developing its slewing ring expertise applied to several fields of activity.

Our constant quest to learn and achieve excellence is recognised by all the world's leading companies in these sectors.
